ACADEMIC SERVICE

Founder, *COMputation Island*

An online platform for computational communication research (CCR) on WeChat (11,000+ followers) 2021–present

- Organized this platform to share cutting-edge research in computational social sciences, facilitate academic discussions, and promote resource exchanges to students and scholars in Asia and other regions.
- Wrote and edited articles to introduce computational social science studies, methods, and resources to students and scholars in communication, political science, and other disciplines.
- Led and managed the platform maintenance, editor recruitment, editorial work, and platform outreach.

Association-related Service:
